## **Remit**

It is proposed that LandSAR's balance date is changed as soon as possible so its financial year is 1 July to 30 June, and that the Rules be amended at clause 3.1(j) as set out below to achieve this:

*"Financial Year means the period 1 July to 30 June (subject to this change being implemented). Prior to this change being implemented the financial year is 1 April to 31 March."*

The intent of this proposal is to align LandSAR's balance date with its major funders, which will improve the preparation of accurate budgeting, financial reporting and operational reports.

Signed:

A handwritten signature in blue ink that reads "DJ Robertson".
